HUNGARY WANTS TO LET MAJA ROT IN PRISON!

BRING MAJA BACK!

Maja is an anti-fascist from Jena and was arrested in Berlin in December 2023 for allegedly physically attacking neo-Nazis on the sidelines of the international neo-Nazi event "Day of Honor" in Hungary. In June 2024, Maja was extradited to Budapest in a scandalous operation. In January 2025, the Federal Constitutional Court ruled that the extradition was unlawful. Maja has been enduring the most adverse conditions of detention in a Budapest prison for a year and a half. The biggest problem is the inhumane isolation. That is why Maja went on a 40-day hunger strike in June and July 2025, demanding to be transferred back to Germany immediately.

In February 2025, Maja's trial began in the Budapest court. It has since become clear that this is a political show trial. Maja faces up to 24 years in prison for the alleged assault charges! Hungary not only claims that Maja is part of an alleged criminal organization and that Maja and the co-defendants acted with intent to murder. Orbán has

even placed this organization on the official list of terrorist organizations. The trial will continue on January 14, 2026. The verdict is expected to be handed down on January 22, 2026. A completely disproportionate, draconian sentence is to be expected.

We demand that the German federal government increase diplomatic pressure on Hungary and bring Maja back to Germany immediately, and that Maja receive a fair trial in accordance with the rule of law. We call on all compassionate people to contact the Foreign Office and urge it to strengthen its commitment to Maja.
